MONTGOMERY

September 2014

Wi-Fi for iPhone OSX and Android

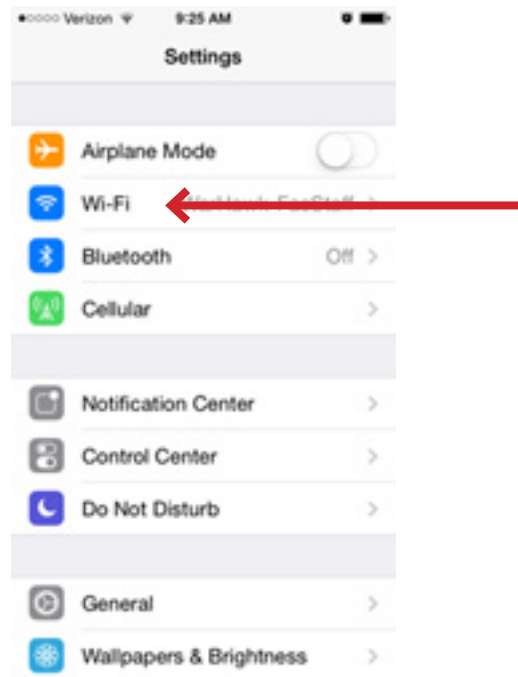

For: Student Campus  
Fac Staff  
North Commons  
West Courtyard  
War Hawk Hall

# Wi-Fi Set-up >> Apple iPhone®

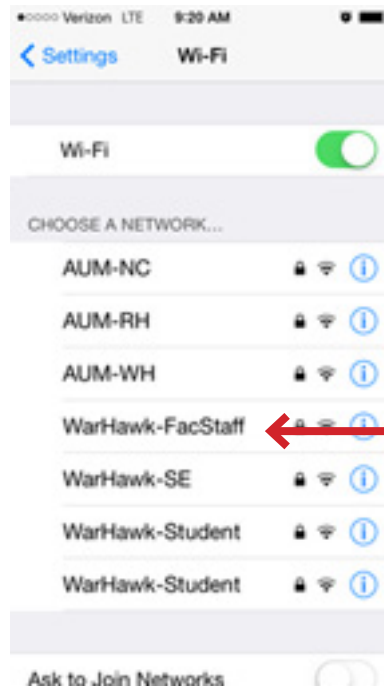

1. Start by tapping on your **Settings** app.

2. Tap on **Wi-Fi** and then ensure that Wi-Fi is enabled. If it is not, please switch it to **On**.

3. Then select the SS ID you want to connect to. In this example, we will be connecting to **WarHawk-FacStaff**.

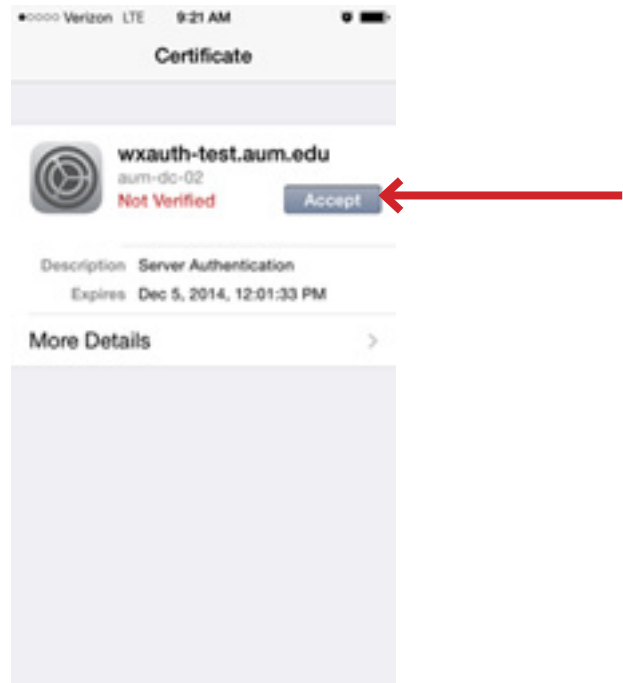

4. Next, type in your AUM **username** and **password**.

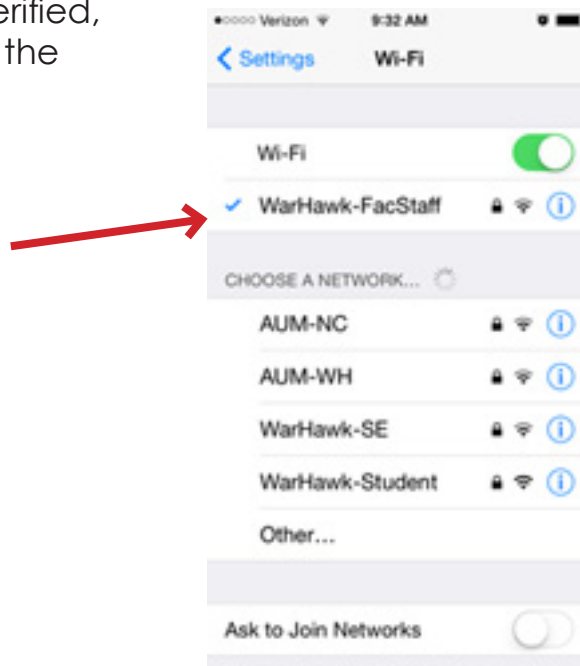

Then, tap **Join**.

5. **Accept** the certificate being presented.

6. After your credentials are verified, you will then be connected to the network.

**-Please note:**

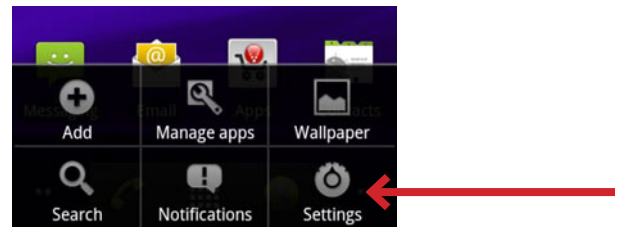

If you get a message stating that you are “unable to connect to the network”, tap **Dismiss**, then **Accept** the certificate again. \*This may happen several times.

If you still have trouble connecting to the Wi-Fi on your mobile device, please contact the Help Desk for more assistance. 334.244.3500

# Wi-Fi Set-up >> Android®

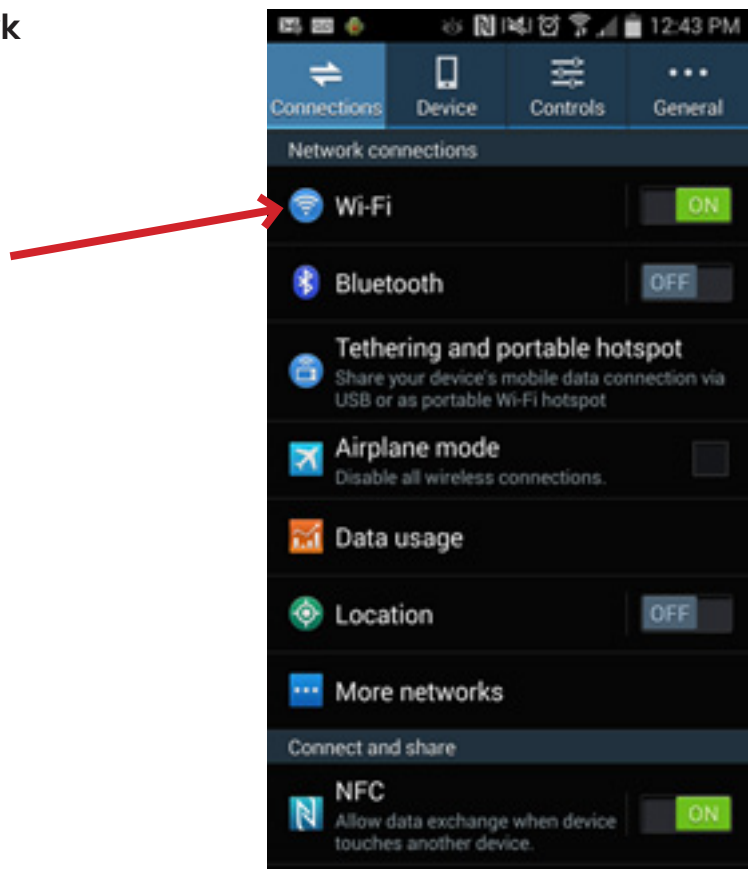

Screenshots in this guide were created using a Samsung with Android.

1. From your home screen, tap the menu button on your phone and choose **Settings**.

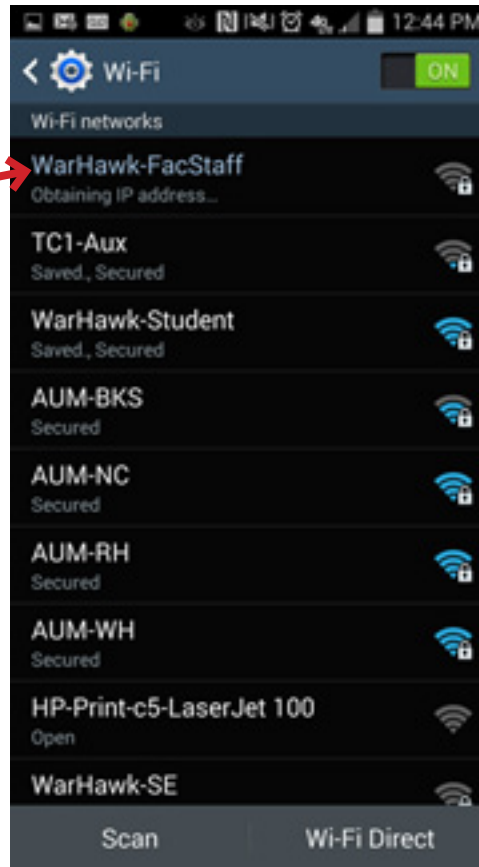

2. Choose the **Wireless and Network** option.

Tap on the **Wi-Fi** tab.

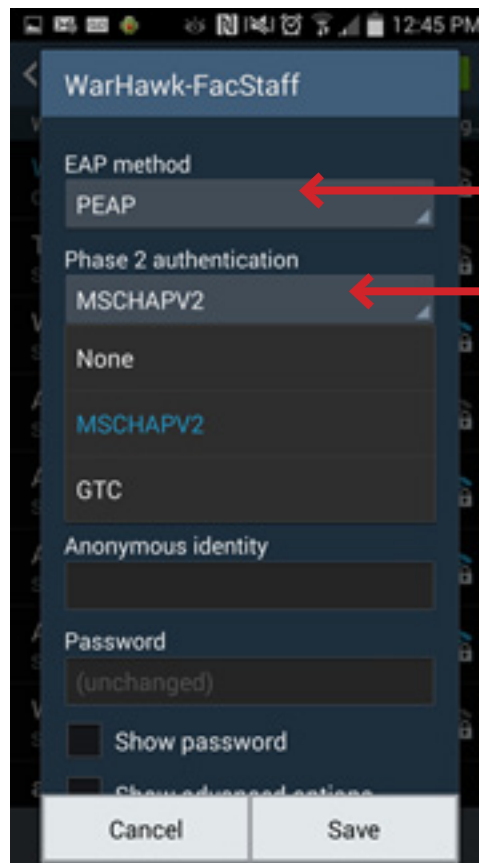

3. Select the SS ID you are wanting to connect to. In this example, we will be connecting to **WarHawk-FacStaff**.

4. Make sure your settings match the following:

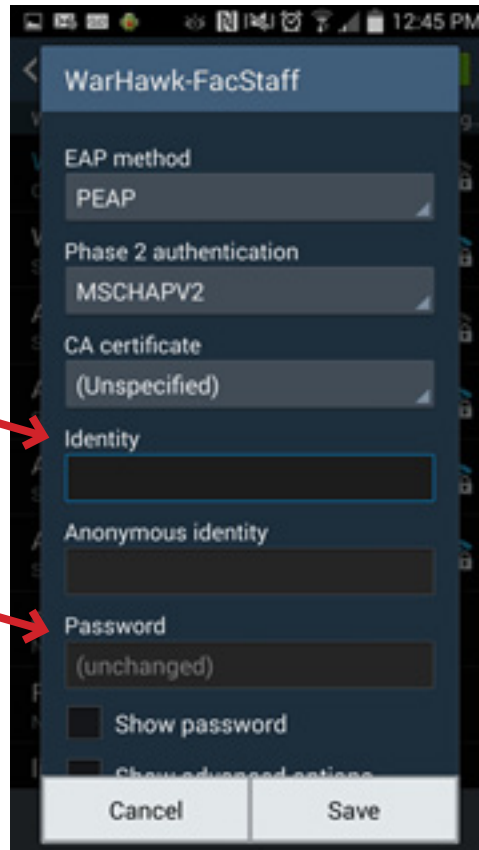

- EAP Method: PEAP
- Phase 2 authentication: MSCHAPV2
- CA certificate: N/A
- Client Certificate: N/A

5. Next, enter your AUM **Username** into the “Identity” field and your **password** in the “Wireless password” field.  
\*Leave the “Anonymous identity” field blank.

Note: When typing your AUM username, do not include @aum.edu

6. Then, **Save**.

7. You should then see **Connected** under the “WarHawk-FacStaff” network once you have successfully connected.

If you still have trouble connecting to the Wi-Fi on your mobile device, please contact the Help Desk for more assistance. 334.244.3500
